

LINCOLN BASKETBALL SCHOOL

For 37 years the coaching staffs of East and Pius X have combined their efforts to provide a great opportunity for our future players to improve their “game”. We are very proud of our tradition in Basketball. **East and Pius** have won **State Titles** in **3 out of the last 9 years!** It is our desire to maintain this level of excellence and through the efforts of our future players, again become state champions.

The **Lincoln Basketball School** will emphasize the basic fundamentals of basketball, “shooting, passing, individual defense, and rebounding”, that we feel our players will need to become a champion. We will continue to teach about the commitment and discipline needed to become a better basketball player. Campers will be matched against players of similar age and ability.
